Re: Removal of 8,000 gal. UST outside the Norcon Bldg. located at 5614 Riverdale Drive, Jamestown, NC 27282 on Tuesday Dec. 7, 1993. Approximate time of removal 11:00 AM.

Ms. Knight,

Confirming my phone conversations on Nov. 29, 1993 with Mr. Author Mouberry, Section Chief the thirty (30) day notification prior to UST removal is waived in cases where the "UST Site Investigation Summary Report" (Report Items outlined page Two form GW/UST-2) are examined, signed and sealed by a Registered Professional Engineer or Geologist. Enviro Probe will provide an engineer during removal who will provide all required lab samples and information for Site Assessment. Site Assessment will be examined and signed by a NC P.E.

By phone and by copy of this letter Ms. Sharon Cihak of the Guilford County Fire Department is notified of the above referenced UST removal.

If you have any questions please contact me at (704) 529-1844. The UST owner is:
